

```
query_columns< ::ebi  
::vcf::BodySectionError,  
id_sqlite, A::base_traits >
```

The diagram illustrates an inheritance relationship. A light gray box at the top represents the base class `query_columns`. A darker gray box at the bottom represents the derived class `odb::query_columns`. A blue arrow points from the derived class box up to the base class box, indicating that `odb::query_columns` inherits from `query_columns`.

```
odb::query_columns  
< ::ebi::vcf::SamplesField  
BodyError, id_sqlite, A>
```

```
+ id  
+ field  
+ field_cardinality
```
