

```
query_columns< ::ebi  
::vcf::BodySectionError,  
id_sqlite, A::base_traits >
```

The diagram illustrates an inheritance relationship. A light gray box at the top represents the base class `query_columns`. A dark gray box at the bottom represents the derived class `odb::query_columns`. A blue arrow points from the top of the dark gray box to the bottom of the light gray box, indicating that `odb::query_columns` inherits from `query_columns`.

```
odb::query_columns
