

```
query_columns< ::ebi  
::vcf::BodySectionError,  
id_sqlite, A::base_traits >
```

The diagram illustrates a C++ template specialization. A light gray box at the top represents a general template, and a darker gray box at the bottom represents a specialized version. A blue arrow points from the specialized box up to the general box, indicating that the specialized version inherits from or specializes the general one.

```
odb::query_columns  
< ::ebi::vcf::ChromosomeBody  
Error, id_sqlite, A>
```

```
+      id
```
